INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In compliance with the duty of disclosure under 37 C.F.R. 1.56, it is respectfully requested that this Information Disclosure Statement be entered and the documents listed on attached Form PTO-1449 be considered by the Examiner and made of record.

In accordance with 37 C.F.R. 1.97(g), (h), this Information Disclosure Statement is not to be construed as a representation that a search has been made, and is not to be construed to be an admission that the information cited is, or is considered to be, material to patentability as defined in 37 C.F.R. 1.56(b). While the term "references" is used in citing the U.S. and foreign patents and publications called to attention herein, applicants do not make any admission that each or all of them are "prior art" references within the meaning of the statutory and case law. Applicants reserve the right to contend, where appropriate, that a patent or publication asserted against any claim of the present application is not prior art under the facts and the law.

Copies of the references have not been enclosed. In accordance with 37 CFR 1.98(d), a copy of any patent, publication or other information listed in an information

disclosure statement is not required to be provided if it was previously cited by or submitted to the Office in a prior application, provided that the prior application is properly identified in the statement and relied upon for an earlier filing date under 35 U.S.C. 120. Copies of the references listed on the enclosed PTO Form 1449 were either filed by Applicants or cited by the Examiner in patent application Serial No. 09/809,340, which application has been relied on under section 120 in the present application.

Applicants request that the listed documents be made of record in the present case, and that the Examiner independently determine those items that the Examiner would consider the most pertinent of all the references cited herein.

The present Information Disclosure Statement is being filed within three (3) months of the filing date of the subject application. Hence, it is believed to be timely filed in accordance with 37 C.F.R. 1.97(b), and no fees are believed to be due in connection with the filing of this Information Disclosure Statement.

Respectfully submitted,

Jacqueline S. Larson
